SPORTING+DOG™

FIRST AID KIT FOR DOGS • PREMIUM KIT •
 INCLUDES ESSENTIALS FOR CUTS, BITES, EARS, SCRATCHES AND MUCH MORE.

MAXIMUM SPORTING DOG SAFETY

These essential first aid kits for sporting dogs, dogs that are out in the wild, include all the necessary emergency stabilization first aid items as well as an approach to emergency first aid for the dog owner. The rugged, water resistant kit, is perfect for the hunt, field trails, competition or field. Veterinarian approved.

Be prepared, your dog is counting on you. This kit may save your dog's life, and it will take care of all those nicks and cuts that occur after a long day's hunt. It's peace of mind for you and your best friend.

WHERE DID SPORTING DOG™ COME FROM?

This rugged first aid kit was inspired by my golden retriever, Ryan. He is my hunting partner, Frisbee retriever and running partner. Years ago, Ryan cut a deep gash in his paw. I bandaged him as best as I could, and drove him to the Veterinarian. Following treatment, I asked the Vet where I could get a first-aid kit for Ryan. To my surprise I found there weren't any adequate kits available. We created Sporting Dog™ for those of us who care about the well-being of our active and athletic dogs. It's intended for use in the fields and streams where immediate first-aid is often not available.
